Experience

Web Developer

Aug. 2022 - Present

University of Illinois at Chicago/Grupo Salto/Tu y Yo | Chicago, Illinois

Website URL: <https://gruposalto.org/tuyyo/tuyyo-edited.html>

- Constructed a web page to promote Tu y Yo, a sub organization of Grupo Salto that tackles problems faced by autistic adolescent individuals
- Designed an aesthetically pleasing UI under the direction of a supervisor
- Updating the website with news bulletins, zoom meeting information, and event notices
- Conceptualizing, testing, and incorporating new designs using React

Leveraged Knowledge in: HTML, JavaScript, cPanel, CSS, UI/UX design, Front-end Development

Software Projects and Applications

LetsCook

May. 2023 - Present

Website URL: <http://letscook.us-east-2.elasticbeanstalk.com/letscook>

- Designed a recipe-lookup website that expedites the process of obtaining recipes by storing several recipes for Breakfast, Lunch, and Dinner into one website for easy access
- Incorporated an intuitive form design so users can easily lookup and add their own recipe instructions
- Employed persistent storage to archive recipes created by users

Utilized: Spring Boot, Thymeleaf, XML, Java, HTML, CSS, Javascript, JQuery, AJAX, AWS, EC2, Elastic Beanstalk, Cloud Storage, RDS, Git, Postgres

AutoBuddy

Website URL: 13.59.112.14

July. 2023 - Present

- Developed a website designed to help drivers save on auto repair costs by providing estimates costs and the ability to compare auto repair quotes with their average costs
- Average repair costs are calculated using values inputted by users
- Tailored the website's interface to allow for a pleasant and satisfying experience for users

Utilized: Django, Python, Postgres, Git, HTML, CSS, Javascript, SQL, EC2, AWS, Nginx, Cloud Storage

Education

DePaul University | Bachelors of Science in Computer Science | June 2023

Skills

Technical Skills

Java, Python, React, Bootstrap, Django, Vite, TypeScript, Thymeleaf, HTML5, JavaScript, AWS, postgresSQL, Spring Boot, CSS, JQuery, UI/UX, Object-Oriented Programming, Git, Tomcat, cPanel

Soft Skills

Robust problem solving, excellent communication, team player, dedicated and hardworking, adaptable and a very quick learner
